DESIGN AND ELEGANCE

Built-in under a counter, the LSBU18DZ fits elegantly into your kitchen and easily thanks to its standard 30cm unit format. Protected by a tempered glass door with anti-UV treatment, your bottles are visible and enhanced by interior LED lighting. The full glass door frame and its removable plinth guarantee perfect integration.

TO THE NEAREST DEGREE

Bring your wines to tasting temperature to take full advantage of all their aromas. Thanks to its 2 temperature zones with independent adjustment, you can bring several types of wine to tasting temperature in the same cabinet.

SILENCE & LOW CONSUMPTION

The LSBU18DZ service cellar is classified F (energy class). More respectful and above all more economical, it is also quiet with a sound level of 39 decibels for smarter daily use.

Eco-responsibility

Our products are manufactured in compliance with European environmental rules. Especially, refrigerant fluid (R600a) doesn't reject neither CFC nor HFC and respect environment.

Energy consumption is calculated based on the result obtained for 24h in standard test conditions. The actual energy consumption depends on the conditions of use and location of the device.

This equipment is designed to be used in an ambient temperature between 16-38°C.

This appliance is intended to be used exclusively for the storage of wine.

Alcohol abuse is dangerous for health, please consume in moderation.

*Capacity given as an indication with 75cl Bordeaux traditional type bottles and measured with 4 shelves. Adding shelves reduce considerably the total capacity.

**Thanks to the Vinotag® application, benefit from a digital register of your wine cellar and be alerted of the peak dates of your wines. In partnership with Vivino, scan your bottle to access its pre-filled wine sheet.
